

RUTILE HEIGHTS INC.

Building Human-Centered AI & Digital Platforms

Canada | Founded 2025 | www.rutileheights.com

COMPANY OVERVIEW

Rutile Heights Inc. is a Canadian technology holding company developing a diversified portfolio of AI-powered platforms at the intersection of wellness, security, education, housing, and aging. We build independent product brands addressing critical human needs with cutting-edge technology and purpose-driven innovation.

PRODUCT PORTFOLIO

Udochi.org - Faith-Based Digital Therapy & Addiction Recovery
AI-powered platform combining spiritual wisdom with modern psychology for holistic addiction recovery, mental wellness, and habit transformation. *[Currently Live]*

RutAi - Smart Housing & AI Assistant Platform
Intelligent smart-housing and wellness ecosystem featuring fall detection, senior care, energy optimization, construction intelligence, and voice-controlled automation.

Imole - Gamified Learning & Talent Marketplace
Transforming education where learners earn badges and SkillCoins while recruiters discover talent based on verified skills and performance data.

Adhara AI Lab - Cybersecurity & Adversarial ML Research
Advanced AI security research lab focused on adversarial machine learning, intelligent threat detection, phishing prevention, and AI-assisted security operations.

Tagmonic - Memory & Wellness Assistant for Seniors
AI companion supporting seniors and busy adults with memory prompts, medication reminders, and wellness check-ins to maintain independence.

MARKET OPPORTUNITY

- Our products address massive, high-growth global markets:
- â€¢ Digital Health & Wellness: \$500B+ market with 20%+ annual growth
 - â€¢ Cybersecurity & AI Security: \$300B+ market with increasing AI-related threats
 - â€¢ EdTech & Skills Platforms: \$400B+ market driven by digital transformation
 - â€¢ Smart Home Technology: \$150B+ market with rapid IoT adoption
 - â€¢ Senior Care Technology: \$30B+ market with aging demographics

INVESTMENT HIGHLIGHTS

- â€¢ **Diversified Risk Profile:** Five independent products reduce concentration risk
- â€¢ **Strong Technical Foundation:** Proven AI/ML capabilities with live platform
- â€¢ **Purpose-Driven Innovation:** Solutions addressing real human needs
- â€¢ **Canadian Base, Global Reach:** Strong tech ecosystem and favorable environment
- â€¢ **Clear Growth Path:** Strategic roadmap from launch through scaling

PARTNERSHIP OPPORTUNITIES

We welcome strategic investors, venture capital partners, corporate collaborators, and technology accelerators interested in early-stage ventures with high growth potential and meaningful social impact.
